

Surface cleaner

for business continuity

NEW

socomore

The worldwide Covid-19 crisis requires us to clean potentially contaminated surfaces more often to ensure good hygiene and safety conditions for workers, clients and suppliers...

Socomore developed Ethanol 70/30 based surface cleaning wipes for companies resuming production.

SOCOSAT ETHANOL 70/30

ETHANOL 70/30 SOCOSAT Flat Pack

Due to their Ethanol 70/30 base, these products are a good way of cleaning surfaces during and after each change of shift or workstation :

- all frequently-touched non-porous surfaces such as door handles, work tables, desks, counters, as well as all shared objects such as computer keyboards, mice and telephones ...
- all types of metal, plastic, painted surfaces, rubber and electronic components...

ADVANTAGES

ETHANOL 70/30 SOCOSAT Roll

- Ready-to-use solution
- No need to dry or rinse
- Does not leave residue on surfaces

ADAPTED TO YOUR NEEDS
