

SOCOCLEAN A2519

Water-based cleaner

SOCOCLEAN A2519 is a **VOC-free water-based cleaner** mainly intended to replace traditional solvents such as **IPA** or **MEK** used for cleaning and surface preparation before painting and bonding.

Approved by ALSTOM.

Advantages

SOCOCLEAN A2519 improves working conditions and reduces environmental impact:

- ✓ Can be used for cleaning and surface preparation
- ✓ No CMR ✓ VOC-free ✓ Non-flammable ✓ No environmental risk
- ✓ Multipurpose
- ✓ Fast evaporation (even for a water base) - 5 min
- ✓ No ether odor
- ✓ Can be used on metals (aluminium, steel, titanium...)

Use

Its cleaning and degreasing efficiency is optimised by using our **pre-saturated wipes**.

SOCOCLEAN A2519 can be used on metals (aluminium, steel, titanium).

Packaging

In liquid form: **20 L - 210 L**

With ready-to-use pre-saturated wipes:

- in **15x28 wipe sizes** for manual surface preparation
- in **26x34 wipe sizes** in order to by use with a mop
