

DISINFECTANT

SALVESAFE RUB

USES:

Real alternative to hydro-alcoholic gel, the hand sanitizer rinse-free foam is designed to protect and provide convenient access to hygiene. Preventing the spread of infection without water, it kills 99.99% of bacteria, viruses and yeasts in 1 minute*. The disinfectant formula, based on a patented safe and green technology ensures optimum disinfection, with no residues and no chemical risk for the user. Based on moisturising and regenerating active ingredients, it helps to preserve the dermatological skin health.

A fully sustainable solution: the impregnated formula is 100 % biodegradable, made from 100 % plant-based and mineral active ingredient from renewable resources. Compare to standards active ingredients (alcohol, quaternary ammonium), this solution is a more favourable for the environment and human health and provides you with a proven ESG solution.

Stydy Productions - Stock.adobe.com

PROPERTIES:

- Kills 99.99 % of bacteria, viruses and yeasts.
- High level disinfection.
- Clean & disinfect hands.
- Dermatologically tested.
- Non-irritating for the skin
- Helps maintain optimum moisturising.
- Formulated with lactic acid which promote cell regeneration.
- Hypoallergenic fragrance free option.

SAFETY:

- Biocidal product (TP1) – to be used safely read the instructions on the label before use.
- Product not classified according to CLP regulation N° 1272/2008.
- Non-flammable (without ATEX zone).
- No transport classification (without ADR).

CHARACTERISTICS:

Physical state: liquid.

Colour: colorless.

Fragrance: fragrance free - green apple - cherry clafoutis - honeysuckle - icy - cool mint.

pH: 2.80 +/- 0.5

Densité: 1 +/- 0.05

INGREDIENTS:

Active substance: lactic acid (EC 200-018-0)
1.75 g/100 g.

BENEFITS:

- 100 % from plant-based and mineral origin ingredients.
- Formulated without petroleum derivatives or chemical additives.
- 100 % biodegradable formula according to OECD 301 guidelines.
- Made in France.
- Formula suitable for sensitive and reactive skin (dermatologically tested).
- Free from Alcohol, Acetone, Quaternary ammonium, preservatives, dyes, synthetic perfume.
- Endocrine disruptor free, according to the current ED list I of the ED list (<https://edlists.org/theed-lists/list-i-substances-identified-as-endocrinedisruptors-by-the-eu>).
- Free from labelled allergens (according to the EU list of 26 allergens).
- No toxic residues.
- No hazard pictograms.
- Product authorised via a Simplified Marketing Authorisation Procedure (AMMS).

DIRECTIONS FOR USE:
