

# SOCOCLEAN CARPET & FABRIC CLEANER

## CLEANER FOR AIRCRAFT CARPETS & FABRICS

Technical Data Sheet

### Approvals and conformities

AIRBUS	CML 08AEB1-B
BOEING	D6-7127 Rev P
SAE	AMS 1630C

SOCOCLEAN CARPET & FABRIC CLEANER is **100 % plant-based actives** (100% of the ingredients are derived from renewable resources), free of petroleum derivatives or chemical additives which offers an **ultimate biodegradability on 100% of the formula**. It has been developed to clean and degrease all naturals and synthetics textiles without risking damaging colours & fabrics fibers. It is usable on following surfaces/materials:

- Natural / Synthetic textiles
- Carpets
- Seat covers
- Curtains
- Etc.

### Key benefits :

- 100% plant-based
- Ultimate biodegradability of 100 % of the formula
- Zero VOC (Volatile Organic Compounds).
- Zero hazard identification in terms of toxicity and ecotoxicity.
- No health hazard - no Personal Protective Equipment needed.
- No fire hazard associated with its use – non-flammable product.
- No transportation constraints.

## USES

SOCOCLEAN CARPET & FABRIC CLEANER is an ideal solution because it is **ready-to-use**. It is an effective cleaner and degreaser for all types of carpets & fabrics in interior cabin and is very active on greases, dirt, mud, stains, without leaving any residues.

## DIRECTIONS FOR USE

**SOCOCLEAN CARPET & FABRIC CLEANER is ideally used by spraying:**

The liquid product should be used as supplied without dilution at ambient temperature:

- Before cleaning, vacuum-clean the surface to take the dust off
- Spray the product directly onto surfaces\* to be clean, then wipe with a microfiber
- Spray onto a sponge or a microfiber and scrub in a circular motion from the outer to inner part of the stain to avoid spreading
- Rinse if necessary
- Let the surface dry and the vacuum-clean to eliminate soil residues

*\*It is recommended to test beforehand on hidden part.*

## **PRECAUTIONS FOR USE AND STORAGE**

---

SOCOCLEAN CARPET & FABRIC CLEANER does not require any special Personal Protective Equipment (PPE). Store between 10 °C and 40 °C in the closed, original packaging, and keep the packaging closed after use to ensure the longevity of the product's characteristics. For more information regarding the danger of the product, please consult the product safety data sheet according to local regulation. For industrial use only.

**This technical data sheet replaces and cancels the previous one.**
