

### Approvals and conformities

SAE AMS 3819D Grade A (conformity to technical requirements)

- Large range of solvent (DIESTONE DLS) and water-based (SOCOCLEAN AQUAFORTE, SOCOCLEAN A2519, SOCOCLEAN I2478) pre-saturation solutions available to suit different applications. Other pre-saturation solutions are also available. Please contact us with your requirements.
- A range of wipe sizes and packaging formats:
  - 18 x 38cm pre-cut rolls, available in a non-refillable bucket; a ready to use solution.
  - 14 x 16cm pre-cut rolls, available in re-fillable dispensers.
  - 18 x 38cm flat wipes available in 24 wipe flat packs, a small package that helps to reduce waste in applications that require a limited number of wipes.

Description	Size(cm)	No. wipes / pack	No. packs / box	No. wipes / box	Packaging
Pre-cut roll	14 x 16	160	10	1600	Dispenser (not included)
Flat pack	18 x 38	24	30	720	Flat pack
Pre-cut roll	18 x 38	150	N/A	N/A	Bucket (included)

*Different packaging available on demand*

### USES

- Impregnated with SOCOCLEAN I2478 or SOCOCLEAN A2519, SOCOSAT P45 wipes **are suitable for cleaning uncured adhesives, excess polyurethane and silicone sealants, and application equipment.**
- Impregnated with DIESTONE DLS, SOCOSAT P45 wipes **are suitable for preparing surfaces prior to sealant, adhesive and paint application.**
- Impregnated with SOCOCLEAN AQUAFORTE, SOCOSAT P45 wipes **are suitable for general surface cleaning and removing oils, soils, cutting fluids and sealant residues.**

## **TECHNICAL CHARACTERISTICS**

---

Wipe construction .....	non-woven
Wipe fabric .....	100% polyester
Weight .....	45 gr/m <sup>2</sup>
Colour .....	White

## **BENEFITS OF PRESATURATED WIPES**

---

The pre-saturated wipe system provides **economic, environmental and safety advantages for users** when compared to manually saturating cloths with loose liquid solvents. It helps to:

- Standardise cleaning and preparation operations
- Improve quality and production line performance
- Reduce consumption
- Reduce waste: for the same surface area, the volume of wipes used is 5 to 10 times less than the volume of traditional cloths
- Reduce VOCs (Volatile Organic Compounds) by 65% on average as targeted by European Legislation
- Improve worker safety:
  - Drastically reduces the quantity of solvent released into the atmosphere
  - No risk of accidentally spilling flammable liquids (fire hazard)
  - Pre-saturated wipes are easy to use, handle and store compared to cloths and solvent drums

## **PRECAUTIONS FOR USE AND STORAGE**

---

For more information regarding the danger of the product, please consult the safety data sheet of the relevant saturation product according to local regulation.

For professional use only.

**This technical data sheet replaces and cancels the previous one.**
